

# Highly Available, Activated Calcium Plus Organic Boost

## Biological<sup>++</sup> PLUS

Supplying an available form of calcium to plants in turf and horticultural situations has always been a challenge.

BiologiCAL<sup>®</sup> PLUS has been specifically formulated to provide a highly available and activated calcium source that is complimented with potassium and QuadSHOT<sup>®</sup> biological stimulant.

Plants require calcium in relatively large amounts for many functions including cell division & strength, root system and leaf development. Calcium is also an essential element required for healthy soils, influencing both the physical, chemical and biological aspects.

### Benefits of BiologiCAL<sup>®</sup> PLUS

- Improves nitrogen efficiency; compatible with a wide range of nitrogen based products.
- Helps to displace sodium and magnesium in difficult soils
- Improves soil structure and friability
- Improving moisture penetration/infiltration
- Free of chlorides and nitrates
- A unique form of Activated Calcium that stimulates plant uptake
- Built in soil and plant stimulants to enhance soil fertility and plant health
- Improves plant resistance to disease and overall resilience
- Improves turf durability and stress tolerance
- Assists in reduction of soil nematodes that inhibit root growth and plant productivity

### Guaranteed Analysis

Calcium (Ca)	6.3%
Nitrogen (N)	0.3%
Phosphorus (P)	0.1%
Potassium (K)	2.0%
Molasses	41.9%
Fish Emulsion	0.3%
Kelp	0.3%
Humic Acid	0.2%
Specific Gravity (Kg/L)	1.27 to 1.30
pH Range	8.0 to 10.0

### Typical Application Rates

#### Fertigation

20 to 60 L/ha towards the end of the irrigation shift.

#### Recreational & Amenity Horticulture, Parks & Gardens

200 to 600 mL/100m<sup>2</sup> with a minimum of 100L/100m<sup>2</sup> water.

#### Foliar Top-Dress

5 to 10 L/ha with a minimum of 200 to 600 L/ha water.

### Also available

#### BiologiCAL<sup>®</sup> PLUS TE

All the Benefits of BiologiCAL<sup>®</sup> PLUS with an additional 5 trace Elements  
Zn 0.6%, Mn 0.3%, Cu 0.15%,  
Mo 0.005%, B 0.05%
